3.0 New Items

3.1 School enrollment for the 2021-2022 school year is meeting its projection as of today, 8/17/21.

3.2 Waiting for the Fall budget, but it looks like we have about 30,000.00 to cover the school year so far. Numbers are a bit low due to lack of fundraisers from the prior school year.

3.3 Grading reform has been implemented for this school year. Teachers will be working with parents to better understand the new process of grading. The school is also implementing information for parents to be aware and understand the new grading system. The goal is for students to master the standards. Behaviors have been removed from grading. Grade levels and the school is working on rubrics for the new grading reform.

3.4 Formative and summative assessments have also been established and communicated with parents and families.

3.5 We will be reviewing 2021-2022 school data in September's meeting despite the lack of consistency with in-person learning and assessments with data from 2020-2021.

3.6 We will continue to implement a closed campus due the state's current initiatives with Covid protocols.
